

Kinmount Historical Model Railroad

circa 1920
Kinmount to Haliburton
Open
Victoria Day to Thanksgiving
Sat. & Sun. 10 - 4
During the week by chance.
Display is in the Railroad Station.

Located on the north side of the bridge and dam, adjacent to the Austin Sawmill Heritage Park, you will find the display inside the restored railway station.

This building is also the local Tourist Information Centre.

Meet us at the Station !

Inside the old railroad station, the Kinmount Model Railroad Club has re-created the Kinmount to Haliburton Railroad line, Circa 1920.

Club members have researched old photos and using microscopic details have built scale models of the buildings, bridges and rail yards as they were years ago.

Highlights of this layout include:

- The Austin Sawmill • The Kinmount Rail Station
- Howland Junction • The Donald Chemical Plant
- Haliburton Rail Station • Gelert
