

# COME FLY WITH US !

## OAKWOOD & DISTRICT MODEL FLYING CLUB

We are a friendly, relaxed group of flyers, mostly retired, who would rather fly safely than attend too many meetings

If you are like-minded, and love airplanes, come and join us!

Just getting started? We offer 3 free flights with an instructor before you join. We have instructors who will help with building your plane and will get you in the air. We have lots of good, used equipment for sale to help get started.

MAAC (Model Aeronautics Association of Canada) membership is required for insurance purposes before you fly on your own

We have a 600' by 200' grass runway in an open farm field (only one plane-eating tree)

We are located 5 km north of Oakwood, at 1478 Eldon Rd #6.

**JOIN IN SEPTEMBER OR LATER AND ENJOY THE REST OF THIS YEAR AND THE NEXT YEAR'S FLYING SEASON!**

Contact Jack Graham, 878-9147, Mike Stevenson, 432-2676, or Mike Belton, 887-1811, for membership details
